NIQA NABILA NUR IHSANI

Bandung, Indonesia | +62 852-2175-2429 | niqanabila06@gmail.com | LinkedIn | Portfolio

SUMMARY

Computer Engineering & Informatics graduate with hands-on software engineering experience in backend development, REST APIs, database design, and system integration. Built 13 Node.js REST API endpoints, integrated external API data, and implemented Redis caching and Docker-based deployment at BMKG; currently developing a Django payment-reconciliation pipeline. Experienced in Agile development, requirements analysis, API testing, and collaborative software delivery.

TECHNICAL SKILLS

Backend Development: ava, Spring Boot, JavaScript/TypeScript, Node.js, Python, PHP, CodeIgniter 3, Django, REST APIs
Databases: SQL, MySQL, PostgreSQL, MongoDB, Redis
Testing & Quality: API/Integration Testing (Postman), JUnit, Pytest, Cucumber, Selenium, Test Case Design, Bug Reporting
Engineering & Tools: Git/GitHub, Docker, Agile/Scrum, Kanban, Jira, Technical Documentation, Draw.io, dbdiagram.io
Languages: Indonesian (Native); English (TOEIC 870)

WORK EXPERIENCE

Mandiri International Remittance | Remote, Kuala Lumpur
Software Engineer *Aug 2026 - Present*

- **Pipeline:** Developing a Django-based payment reconciliation pipeline that matches bank transfers with customer payments using rule-based and fuzzy matching logic, reducing manual reconciliation effort.
- **Requirements:** Defined business rules, user stories, and technical requirements with Finance, Operations, and IT; evaluated implementation architecture and tracked development in Jira.

Meteorology, Climatology, and Geophysical Agency (BMKG) | Indonesia
Software Engineer Intern *Jun – Oct 2025*

- **Seismic Station System (React/Node.js):** Built the Node.js backend with 13 REST API endpoints, integrated external SQES API data, validated API behavior using Postman, and implemented Redis caching and Docker containerization; defined 12 functional features and acceptance criteria.
- **E-Learning Revitalization (CodeIgniter 3):** Refactored legacy PHP modules and redesigned database schemas for 4 user roles using dbdiagram.io; removed obsolete Payment and Coupon features.
- **Team Practices:** Led a Git/GitHub workshop covering branching and conflict resolution, and supported adoption of Agile/Scrum practices within the team.

Guest Technical Trainer (Contract) *Nov 2025*

- Paid Subject Matter Expert who trained 20+ senior staff in web development and Agile methodologies (Scrum/Kanban) through live coding sessions.

Headstarter AI | Remote, New York | Software Engineering International Fellow *Jul – Sep 2024*

- Completed a 7-week fellowship building 5+ full-stack projects, including AI-powered apps, with Next.js, OpenAI, and Firebase.
- **Hackathon**: Prototyped an AI-powered customer support workflow using the OpenAI API to automate customer query responses.

PROJECT EXPERIENCE

E-Commerce Market Intelligence System – Shopee | Data Engineer *Aug - Dec 2024*

- **System Analysis:** Defined user stories, business rules, constraints, and data requirements to plan a scalable monitoring architecture.
- **ETL & Data Integration:** Built Talend ETL pipelines to clean and migrate scraped data into MongoDB and defined Engagement Rate calculation logic.

SIPTA - Thesis Management Platform | Software Quality Assurance *Feb – Jun 2025*

- **Agile Collaboration:** Collaborated with 6 development teams in Agile/Scrum, defining acceptance criteria and participating in sprint reviews; re-tested affected and related features after changes to verify fixes and prevent regressions.
- **Test Design:** Designed and categorized test cases using functional, boundary, and negative testing across sub-features including CRUD, interface, search/filtering, and accessibility.

EDUCATION

Bandung State Polytechnic (Polban) | Applied Bachelor (D4) of Computer Engineering and Informatics *Aug 2022 – Aug 2026*
Relevant Coursework: Object-Oriented Software Development, Web Development, Enterprise Application Development, Distributed Systems, Database Systems, Programming Techniques

ORGANIZATIONAL & LEADERSHIP

Regional Youth Leadership Summit (RYLS) International 2025 | Scholarship Awardee & Delegate | Tokyo, Japan *Nov 2025*

- Competitive scholarship to represent Indonesia, selected for leadership potential and an essay on the SDGs.

Assalam Polytechnic Bandung | Deputy Head of Social Management *Mar 2023 – Jan 2025*

- Secured 20+ media partnerships; managed financial planning for 7+ programs, including National PIF.

CERTIFICATIONS & AWARDS

Junior Software Quality Assurance – ArutalaLab (2026) | Data Science with Microsoft Fabric – Dicoding (2026)
Belajar Dasar Data Science – Dicoding (2026) | Innovating with AI – Yayasan Plan International Indonesia (2025)
2nd Runner-up, National SDGs Essay – Global Youth Action (2026) | Best Research Award – Literary Talent & Research Initiative (2025)
